

SPECIFICATIONS

XARIOS 350

XARIOS 350 is a direct drive refrigeration unit specifically designed for the transportation of fresh or frozen goods in medium-sized delivery vehicles with box volumes up to 32 m³.

With a sleek aesthetic design and an extra-flat evaporator that allows loading up to 200 mm from the top, XARIOS 350 gives unrivalled performance and reliability for vehicles in an urban distribution environment.

- ▶ Optimum performance for superior cargo protection.
- ▶ Extremely high capacity airflow for constant quality and freshness throughout the box.
- ▶ Unrivalled temperature recovery for urban distribution.
- ▶ Microprocessor control and cab command make operation easier and safer.

- ▶ Rapid installation and easy servicing contribute to reduced life cycle cost.
- ▶ Innovations that respect the environment.
- ▶ Large choice of mounting kits approved by car manufacturers.

■ Condenser

Dimensions

1 125 x 505 x 238 mm

Weight

Road / Standby: 84 kg
Road: 41 kg

■ Refrigeration capacity (road)

0 °C / + 30 °C: 3300 W
- 20 °C / + 30 °C: 1900 W
Ambient temperature at + 30 °C
(per ATP procedure))

■ Airflow

1 500 m³/h

■ MXS 1100 extra-flat evaporator

Dimensions: 1 106 x 614 x 194 mm

Weight: 29 kg

S model

Refrigerant HFC R404A
Multi-function cab command
Extra-flat evaporator
Hot gas defrost system
Standby & road operation hourmeters*
Operation on 12VDC and 24VDC vehicles
Qualified for high ambient temperatures
Road or Road & Standby operation

Electrical features

Standby compressor*
Remote plug*
Single or 3-phase operation*

Safety devices

Skin-removal safety mechanism
Thermal protection (transformer, diode bridge)*
Low and high refrigerant pressure protection
Secured installation configuration setting

Command components

Microprocessor control system
Automatic and manual defrost
Digital display: Temperature in °C or °F, set-point, return air, data, configuration parameters, hourmeters* and alarms

T model: Extra features

High capacity hot gas heating system

Equipment

Road compressor mounting kit
Road compressor

Accessories

Drain water heater for deep frozen application
Extension connection set for flexible evaporator positioning
Door switch sensor for door openings
Roof cut installation kit
Roof mount installation kit

*Road & Standby version only
